ALAMEDA COUNTY WINS NILES CANYON SUIT

\$400,000 FOR WORK SEEN BY OFFICIALS AS VERDICT RESULT

Underpass At Farwell Is Among Chief Projects Being Planned

Concluding a controversial struggle which had its origination in the latter half of last century, Alameda County won its battle to maintain the Niles canyon highway in its present right-of-way Monday when the United States supreme court upheld the decision of the state's highest tribunal giving the county this right.

The controversy arose when the Southern Pacific railroad company filed suit against the county to settle its right to maintain a highway within the limits of a land grant awarded the company when it constructed its system through the canyon.

District Attorney Earl Warren presented the county's case to the high court in Washington early in January, after the railroad company had appealed the case when it received an unfavorable verdict from the California tribunal. Warren had been admitted to court in Washington for that purpose.

At least \$300,000 which would have had to be spent to relocate the highway was saved the county by the Supreme Court's decision sustaining the argument of District Attorney Warren that the county's right-of-way through the canyon was inviolable, according to County Surveyor George Posey.

As a result of the decision, the eventual expenditure of \$400,000 in construction projects was predicted by Alameda county officials. These improvements had been held up pending the verdict of the Supreme Court.

Listed as chief among the projects and one on which work is expected to begin soon is the construction of an underpass below the Southern Pacific tracks at Farwell in Niles Canyon. Plans for this project had been completed when the suit against the county was filed.

Among the other projects on the construction program, said Posey, for which plans have been completed, are two separations of highway and railroad grade crossings and the replacement of three bridges with modern structures.

VISIT SUGAR REFINERY
Rex Broyles, manager of the Niles MacMarr store, and Charles Coyle, manager of the Centerville MacMarr store, were among a group of store managers in southern Alameda county who visited and inspected the sugar refinery at Crockett last week.

MOVE TO NEW HOME
Mrs. Lucetta Kerns and family have moved from their residence on Third street to the Peterson apartments on Main street.

TOWNSHIP SCOUT LEADERS PLAN TO JOIN IN GROUP

Will Promote Cooperation and Unity Among Troops

Plans are under way for the formation of a Washington township scout leaders' association to be established for the purpose of bringing the various township scout troops into closer unity.

The association will have scoutmasters and adult committeemen as members. The first meeting will be held at the Niles Boy scout headquarters Thursday night, February 25.

The Niles Boy scouts committee, Troop No. 1, held its regular monthly meeting last Thursday night at the scout house. Problems confronting the troop were the chief topic of discussion.

The regular meeting of Niles Boy scouts Friday night was featured by the display of moving pictures of scenes at Yosemite taken by Scoutmaster Marshall Green. The films were enjoyed immensely by those present.

NILES SCHOOL FIVE TAKES CONTEST FROM DECOTO

Continuing their string of victories over Washington township grammar school fives, the Niles grammar school basketball hoopers administered a drubbing to the Decoto school quintet to the tune of 12 to 2 last Thursday afternoon on the Washington Union high school floor.

The Niles cagers displayed a brilliant brand of ball throughout the contest, and allowed Decoto to score only by converting two free throws. Although definite arrangements have not yet been completed the Niles boys are planning for a game with the Hayward grammar school five in the near future.

Niles People Organize Carter for Congress Club

Niles supporters of Albert E. Carter, representative to Congress from this district, up for re-election this year, met this week and organized a "Carter-for-Congress" club. Dr. E. C. Grau was chosen president of the organization and E. A. Ellsworth, secretary.

ROAD QUESTION IS NOW LEFT UP TO SUPERVISORS

After two years of effort to bring about the extension of Niles Main street to its proposed junction with the Alvarado road, the Niles Chamber of Commerce committee on rights-of-ways has decided to now put the matter in the hands of the county board of supervisors.

Exhausting every possible resource in the attempt to obtain all the signatures to deeds of property owners along the proposed road who had signed the road petition, and having been unsuccessful in this effort, the committee felt that it had gone as far as possible. Therefore the following letter was drawn up and submitted to the Niles Chamber of Commerce at their Tuesday meeting. A resolution was passed that this letter should be sent to the board of supervisors. It is now up to them to take further action if the road is to be completed as is the wish of Niles people.

COMMITTEE DISAPPOINTED AND CHAGRINED

Niles, Calif., Feb. 16, 1932
NILES CHAMBER OF COMMERCE,
NILES, CALIFORNIA,
Gentlemen:

Your committee on rights-of-way having completed its work so far as they are able to go at this time, desires to make the following report:

As is known to the chamber we secured the signatures of all the property owners along the line, from the California Nursery Company entrance to the Western Pacific tracks, with the exception of Mr. Roeding, agreeing to give five feet for right-of-way purposes.

Your committee delivered in person that document to the board of supervisors. A motion was made by Mr. Richmond that the board take immediate action to secure the right-of-way. Objection was then made by the district attorney's office that the document we had just delivered was not a legal paper, and that before the board of supervisors could proceed, deeds from individual property owners must be secured. On receipt of those deeds prepared by the county surveyor's office your committee went to work, and have worked faithfully and diligently ever since with the following results: The deeds have been signed in accordance with agreement, are in the hands of Mr. Robert Blacow, held in escrow by him, and the deeds of those property owners who refused to sign have been returned to the board of supervisors.

After all the hard work by everyone who has had anything to do with this affair, your committee confesses some disappointment and chagrin that they have been unable to secure the signed deeds from all the property owners, and so we have failed in bringing this much desired improvement to a complete success at this time.

Gentlemen, your committee does not know what more we can do, but we believe that the board of supervisors who have throughout displayed their interest in this matter, and their willingness to help, will find a way to bring about the completion of this project.

(Signed) EXECUTIVE BOARD
NILES CHAMBER OF COMMERCE.

PIONEER NILES MAN ANSWERS SUMMONS OF GRIM REAPER

Pietro Quarteroli Dies Friday Night At Niles Home

Death took another one of Niles' oldest residents Friday night when Pietro Quarteroli died at his home in Morrison Canyon after a long illness.

The deceased was well known in Washington township, having resided at Niles for thirty-four years. He was sixty-eight years of age at the time of his death.

Quarteroli was born in Italy and came to California forty-two years ago. He was engaged in business for several years, but had been retired for some time before his death.

His wife and five children survive to mourn the loss of the deceased.

NEW OFFICERS FOR NILES CIVIC GROUP TO BE ELECTED SOON

THIEVES TAKE CARS ON NILES MAIN STREET

Automobile thieves were busy in Niles Sunday night. A car belonging to Jack Vieux, of Niles, was taken from in front of the Peerless Grill, and a machine parked in front of the theater and belonging to Al Corey, of Niles, was stolen. The Vieux automobile was found in the evening abandoned near the Niles postoffice, while at latest reports no trace had been found of the Corey machine.

President Asks Members To Pay Dues For New Year

Report of the nominating committee will be made the first Tuesday in March after which election of new officers for the Niles Chamber of Commerce will follow, was the announcement made at Tuesday's meeting of the Niles civic body.

President F. V. Jones appointed the following men as members of the nominating committee: H. L. Scott, chairman; J. A. Silva, Dr. E. C. Grau, Robert Blacow, and Joe Gomes. The new officers to be elected are those of president, vice-president, secretary, and three directors.

Attention was called by President Jones that the dues for this year are now payable, and he urged that everyone make these payments as soon as possible. In regard to the benefits derived from membership in a chamber of commerce, A. J. Petsche read the following clipping from a newspaper, in which the Glendale Chamber of Commerce expressed itself after some member had canceled his membership because he did not "have the opportunity of taking advantage of it."

"Do you cancel your life insurance because you do not die? Do you cancel your fire insurance because you do not have a fire? Do you cancel your school taxes because you have no children? Does your membership in the chamber of commerce mean that you expect to get dollar for dollar return right now on your dues? Do you expect the chamber of commerce to be continually doing something tangible for you or your line of business—and YOU ARE GOING TO GET OUT because you cannot see that this is being done? DO YOU DEMAND THAT YOUR BANKER DISCHARGE THE WATCHMAN AT THE BANK because he has not captured or killed a robber during the past year?"

"MEMBERS MUST NOT EXPECT to buy new hats with Chamber of Commerce dividend! They are not that kind. If a man or woman is living here, whether he or she is in business, a profession, or is retired, he or she is receiving benefits from the Chamber of Commerce—and he or she is indebted to it. The chamber is not a building, a club, a political party or a branch of the government. It represents the people of the city who are determined that this city shall improve and progress. And progress comes only because there are men and women who are willing to work for it."

Walter W. Patty, district manager of the National Auto Club, was present at Tuesday's meeting and delivered a talk on the development of the organization. Approximately \$17,000 was spent for service in Alameda and Contra Costa counties during 1931 by the National Auto Club, he declared.

A letter concerning the proposed road through the California Nursery was read and approved at Tuesday's meeting and will be found printed in another column of this paper.

A motion was passed that a letter should be sent from the Niles Chamber of Commerce to District Attorney Earl C. Warren congratulating him on his efforts in securing a favorable decision in the Niles Canyon right-of-way suit.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

SETTLE IT NOW

JAPAN could hardly have picked a more unpromising time to start a campaign of aggression—from the standpoint of the rest of the world. The disarmament conference a short time ahead, and the world tired of war and ready to make substantial concessions in the interest of lasting peace, the Japanese war party, throwing an army into a country with which they were at peace, upset the equilibrium of the Far East, and outlawed themselves among the family of civilized nations, their treaty signatures becoming but scraps of paper.

As much as the world may dislike hostilities, trouble cannot be avoided. Diplomatic gestures have failed utterly; the peace of the world is in jeopardy, and a conciliatory attitude toward Japan is but an encouragement to that Oriental race to brow-beat mankind, outrage justice, flaunt the sacred obligations of civilized people all for the greedy purpose of robbing China and committing rapine upon its people. It would throw the world into a cataclysm of war.

A firm stand by the United States, Great Britain and France would end this matter speedily. The time for words is past. The combined fleets of these major nations should converge in the Orient, send word to the Japanese to clear out of Manchuria and China proper at once. If that would mean war, then let us have war. With Japan once in control of Manchuria and overlord of China, the white man would find acquiescence now but a prelude to a later and greater conflict when the issue would be plainly drawn between the Caucasian race remaining free or becoming the chattels of the Empire of the Rising Sun.

WILL HAVE A REAL FIGHT

IT IS NOT all smooth sailing for Congressman Carter, the sphynx that represents this district in Congress. This year will be a bad year for men who are tongue-tied.

With the electorate in a bad frame of mind because of terrible business conditions, heads will be cracked with joy, and without reason. A man who can stand up and explain why things are bad, and convince the voter that he, personally, has nothing to do with the depression, may pull through.

Carter has not that ability. It is said he never made a speech in congress in his life. Whether it is stage fright or just extreme caution and fear

TRANSIENT PEDESTRIAN KILLED WHEN STRUCK BY AUTO NEAR DECOTO

Accident Occurs Saturday Night Close to Ma- sonic Home

A man identified as Francis Kennington, 38, an itinerant, was killed Saturday night near the Masonic home at Decoto when he was struck by a car driven by Joseph Freitas, of Winton, California.

At an inquest into the death held at a Hayward mortuary on Tuesday afternoon, a coronor's jury returned a verdict exonerating Freitas of blame in connection with the death. The inquest was conducted by Coroner Grant D. Miller and Deputy Walter F. Elier.

The accident occurred about 7 o'clock Saturday night. Freitas

said the man ran from the north to the south side of the road as he was driving along at about thirty-five miles an hour. In the attempt to avoid him the man's head struck the handle of the left front door of the machine with fatal results. The man sustained a fractured skull and the door handle was broken.

Mrs. Irene Phillips, nurse at the Oakland health center, identified Kennington as the man who called at the center January 5 and 11 to receive treatment for illness. She said he had been suffering from ill health and could do only light work. He was a native of Oregon and had been in California some time, but had no legal address.

This light GLARES
and is bad for his eyes

ANY school child knows what's wrong with this picture.

It shows an example of poor lighting—and this kind of lighting is in most homes today.

Poor lighting is a handicap in life. It causes eye-strain. It makes the studious child sleepy and he wants to go to bed early. His school work suffers.

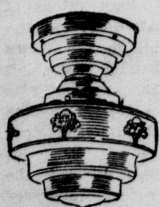

To avoid glare, shade all your lights. But also make sure that you have enough light to permit you to see clearly. You should have an abundance of shaded light in each room, especially in the kitchen. Good lighting is cheap. In the living-room it costs but 1½ cents an hour.

Proper lighting is easy to have. P. G. and E. lighting specialists will gladly advise you.

Dealers in modern lighting units also know the value of an abundance of shaded light. Investigate. You will find it worth your while.

Section of modern lighting unit that directs raw light to ceiling, diffuses it evenly over the entire room and correctly controls the light.

Diffusing bowl enclosing electric lamp prevents glare and eye-strain. Excellent method of controlling light.

CALIFORNIAN BUYS FAMOUS PACER; TO RACE AT '32 FAIR

Announcement this week that S. H. Cowell, noted horseman of Santa Cruz, has purchased the sensational pacer, Star Etawah, will be greeted with enthusiasm by racing fans, for it presages new records for California tracks this year.

Star Etawah, with a mark of a mile in 1:59 3-4, created a furore at the grand circuit meet in Lexington, Ky., last year when he spurred to victory in the two deciding heats. Cowell purchased the horse with sixteen others, at the Senator Stock Farm sale in Indianapolis. He now has a string of thirty horses, in charge of Walter H. Tyron, veteran trainer and driver, at Sacramento.

Among the new arrivals are five mares bred to Truax, the sire of Talmut Butler who won the \$40,000 Hamiltonian stake at Lexington. Nine yearlings, sired by The Senator, also are in the shipment.

That the harness racing game is "looking up" is indicated further by the great number of entries for the futurities and two-year-old stakes at the California state fair. Charles W. Paine, secretary-manager of the state fair, reports thirty-eight nominations for the futurities to be presented in 1935, and twenty-nine entries for the two-year-old events at this year's state fair on September 3 to 10.

Motorists Urged To Observe Stop Signs

"A word to the wise is sufficient," states Mrs. J. R. Whipple, Washington township representative of the Safety Committee of the California State Chamber of Commerce, in reporting that observance of boulevard stop signs and traffic signals will be strictly enforced by the enforcement agencies of California during the month of February, as a part of the state-wide campaign to reduce this type of motor accident.

"It is assumed that all motorists holding a driver's license are capable of reading the four large letters conspicuously placed on signs at the entrance to boulevards, which spell S-T-O-P," continued Mrs. Whipple.

"Motorists who fail to observe these regulations will receive official notice."

"The Safety Committee urges every motorist to pay particular attention to these signs, as a means of preventing serious accidents."

County Assessor's Office
Releases Tax Information

All assessments are levied at 12:00 o'clock noon on the first Monday in March of each year. All taxpayers are required to file statement each year between the first Monday in March and the first Monday in July, preferably in March, April or May. Failure to file a statement subjects you to an arbitrary assessment from which there is no redress.

Personal property taxes uncured by real estate are due and payable on demand at the assessor's office, court house, Oakland, California. Every householder is entitled under the law to an exemption of one hundred dollars upon their personal effects. Every soldier, sailor or marine who has served during the period of a war and who is the possessor of an honorable discharge therefrom is entitled to an exemption of \$1,000 provided he, or his wife, is not worth \$5,000. Claims for exemption (householder's and military) must be applied for at the office of the assessor each year at the time of filing statement. Taxes run with the fiscal year from July 1 of the current year to June 30, inclusive of the following year. Persons buying furniture, automobiles, electric devices or other personal property are responsible for taxes on same providing they were actually in their possession on the first Monday in March of the tax year. The particular attention of all taxpayers owning notes, debentures, shares of capital stock, bonds, deeds of trust, mortgages, and any legal or equitable interest therein of the classes now taxable to the owner thereof, is called to the new tax law (Section 3627A) whereby the above are taxed upon their actual value at the rate of two-tenths of one per cent (or \$2 per \$1,000). Solvent credits or book accounts at the date of one-tenth of one per cent (or \$1 per \$1,000). The penalty for failure to file would be two times the tax. Stocks, bonds, deeds of trust, mortgages, solvent credits, and other intangibles are to be declared and the taxes paid thereon only to the county assessor. For any further information on the above matters, get in touch with your assessor.

LIVERMORE YOUTH
WINS COWBOY
CROWN

Johnny Schneider, popular Livermore cowboy, attained the height of his ambition today at Tucson, Arizona, when the Rodeo Association of America, meeting there for its annual convention, officially crowned him cowboy champion of the world. The little youngster who has been campaigning for the title for the past three years, became king of all bronco busters at the conclusion of the 1931 season when, in a sensational finish, he overcame a lead held by Earl Thode, Caca Grande, Arizona, bronco rider, who was champion in 1929, and won undisputed right to the title. Schneider's victory was hailed joyously by thousands of central California people who have cheered his skill and daring at Livermore rodeos. Livermore will pay homage to its world's champion on May 14 and 15, when Schneider will be honored at the "World's Champion Rodeo."

County School Superintendent to Present Chief Address

Final arrangements have been completed since the last Niles Chamber of Commerce-Niles grammar school observance of the two hundredth anniversary of the birthday of George Washington to take place at the grammar school Tuesday, February 23. An enjoyable program is scheduled for the affair. Featuring the ceremonies, which will begin with a luncheon at 12 o'clock noon, will be an address on Washington by David E. Martin, superintendent of schools in Alameda county. Preceding Martin's address the Niles grammar school will present the following program:

Song—America the Beautiful, by the sixth, seventh and eighth grades.

Tableau, by the fifth grade.

Song—Mt. Vernon Bells, by upper grades.

Reading of selections from Washington's Farewell Address, by Rose Cattaneo.

Song, by second grade.

Recitation, by Robert Zwissig.

Boyhood of Washington, by Robert Solon.

Song—Columbia, Gem of the Ocean.

Concluding song—Star Spangled Banner.

The program will begin promptly at 12:30 sharp, and has been so arranged that it will not last longer than forty-five minutes, according to E. D. Bristow, grammar school principal.

Luncheon will be served in the grammar school cafeteria under the direction of the Niles Parent-Teachers' Association. Everyone has been cordially invited to attend.

POISON
in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

Recommend Against
Removal of Trees

Only Dead Poplars on West Side of Santa Rita Road To Be Cut

As the result of an investigation conducted since the last meeting of the Pleasanton Lions club it was decided to let the county go ahead with its plans to remove the majority of the poplar trees on the west side of the Santa Rita road.

The county had reached this decision after the club had reported, allowing an investigation some weeks ago, that in view of the fact that the dead trees did constitute a menace to users of the road they should be removed. The Lions recommended that an effort should be made to save those trees that were not absolutely dead because of the beauty the trees lent to the road and countryside.

At a meeting two weeks ago request was read from the county asking the Lions to reconsider their decision and allow all the trees to be cut down at one time as the county thought they would all have to come out eventually.

The final decision was, however, that a better idea of the condition of the standing trees could be gained after the worst had been removed by a cross section inspection of the fallen trunks.

The committee making the final investigation was chair-manned by Thomas Orloff and included Frank Garatti, Crawford Letham, Jerome Arendt, Sam Keating and Charles Graham.

The club has also started plans for a Washington's birthday celebration to be staged on or about the twenty-second.

On February 17 the club is to furnish the entertainment for the Centerville Lyons at their meeting in Centerville.

WINS OVER FOOTHILLS CLOSES HOOP SEASON FOR WASHINGTON HIGH

Cornhuskers Enjoy Successful Season; Prospects Bright for 1933

Southern Alameda county basketball league competition was brought to a successful close by Coach Jess Regli's Washington Union high school's A and B fives Friday night when they came through with a double win over Foothills on the Washington high school floor.

After trailing at half time, the quintet rallied in the second canto and finished on the long end of a 27 to 21 score against the Dummies, while the B hoopers took an easy 19 to 8 victory.

Hitting the hoop with the accuracy of a medal sharpshooter, Nakamura, diminutive Foothills forward, gave the deaf and dumb school a five-to-nothing lead in the opening minutes of the A contest before the Cornhuskers found the basket for a single tally. Failure to display any consistent teamwork in working the ball down to the net ruined several Washington opportunities to score. At the conclusion of the first quarter the Dummies held a 9 to 6 advantage. At the opening of the second quarter Washington cut the lead down to 9 to 8, when Fudenna tossed in a crumple. Nakamura, however, again slipped through a field goal to bring the count 11-8, and Foothills added another point via the foul route.

Trout for Washington looped one in at this stage and was followed by Fudenna who knotted the score at 12 all. With the play fast and furious as the quarter drew to a close, Foothills made two free throws good to hold a 14 to 12 lead as the whistle sounded for half time.

After a vigorous tongue lashing by Coach Regli, the Washingtonians came back on the floor at the beginning of the second half determined to overcome their opponent's lead. Trout sank a free throw soon after play was resumed, but Foothills tallied a field goal to cling to their slender advantage. Salvadorini then located the hoop for two points to bring Washington's count to 15. Nakamura responded for Foothills by tossing in another field goal to increase their lead.

The contest grew tense when, after scoring a foul throw for Washington, Rodriguez slipped under the basket to sink a crumple and deadlock the score at 18 all. A moment later Salvadorini gave the Cornhuskers the lead for the first time during the game with a free throw. Fudenna added to the lead by hooping one from the sidelines, while Trout

made the game safe for Washington by sinking two field goals in rapid succession. Fudenna ended Washington's scoring by tossing in two foul throws, while Foothills connected with another field goal and two foul tries to bring their final total to 22.

Numerous penalties were inflicted on both teams during the second half, and Foothills lost several opportunities to add to their score by their inability to convert from the foul mark.

Fudenna was the big gun in the Cornhuskers' attack, netting five field goals and two free throws during the contest to take high points honors for his five with a total of twelve. He was followed by Trout with seven. The outstanding star of the contest was Nakamura of the Foothills quintet, who annexed high point honors for the evening, gathering fourteen tallies.

Considering that this season is only the second in league play, Washington high school's A hoopers enjoyed a successful basketball year. Taking two games from Emeryville, Pleasanton, and Foothills and dropping two to both Livermore and Hayward, they finished in third place with a percentage over the 500 mark. With only two of the regulars, Trout and Fontes, lost through graduation, Coach Regli's prospects for turning out an even better five next year are very bright.

Washington line-up and scoring in Friday night's game follows: Trout (7), Fudenna (12), Rathbone, Rose, forwards; Rodriguez (4), center; Salvadorini (3), Fontes (1), Coley, Fuller, guards.

"B" GAME

Roughness featured the B clash with Foothills, the Dummies losing all but three of their men through the foul route before the end of the contest. Only six players were on the floor in the closing moments, Coach Regli withdrawing two of his cagers to even the number of men on each side.

Washington took an early lead and was never headed. At half time the count stood 10 to 4 in the Cornhuskers' favor, a lead which they increased by nine points during the second half, while the Dummies collected four. Coach Regli gave all members of his squad an opportunity for action before the game was over. Nakagowara was high for Washington with seven.

Washington line-up and scoring follows: H. Sekigahama (3), Foehr, Masuda, Laybourne (2), Tomimatsu, forwards; Phippen (2), Koga (2), center; Nakagowara (7), Renina, Kitashima (2), Hirabayshi (1), Andrade, guards.

SOUTHERN COUNTY SCHOOL HEADS MEET

A meeting of all grammar school principals in southern Alameda county was held Monday night in Centerville, with twenty-one principals present. David E. Martin, county school superintendent, and all of his staff, also were in attendance.

Courses of study and the service rendered by the county library were subjects which occupied the discussion during the meeting.

Miss Mary Barnby, county librarian, was highly lauded by the school principals for the excellent service she has rendered during the past fifteen years. It was decided to ask her to attend some future meeting of the principals and deliver a talk on the subject.

Another meeting will be held at Centerville in the near future.

TO THE MAN WHO HAS STOPPED SAVING

Perhaps that savings account you started has been asleep quite a while.

At regular intervals, we wake it up to add the interest it has earned. But it hasn't grown as you intended.

Too bad. By this time, you might have had a sum equal to six months' income—little enough in case of illness, accident or loss of work.

Undoubtedly there was a good reason why you stopped saving. But isn't it worth trying again? After all, nothing takes the place of cash in the bank.

You can make deposits in any Bank of America branch for credit to your account in any other branch... just one advantage of saving with this strong, statewide Bank.

WASHINGTON HIGH BASEBALL HOPES APPEAR BRIGHT

Thirty Men Answer Call For First Practice Monday

With basketball relegated to the limbo of the past for this year, the crack of horsehide meeting wood resounded across the Washington Union high school grounds Monday afternoon as Coach Jess Regil's diamond artists unlimbered in the first baseball practice. Thirty aspirants greeted the coach on the opening day and judging from the experienced veterans on hand the Cornhuskers loom as a serious threat to capture the laurels won last year, when they annexed the north coast title.

Five of last year's baseballers are on hand to resume where they left off last season. In Fred Kitshima, Washington has a stellar hurler, who can be expected to win more than his share of games this year. Opposing batsmen had a great difficulty in solving his slants last year, and indications are that he will allow fewer bingles this season.

The other regulars back are Hiraschi Sekigahama, who can be counted on the adequately cover the short patch; Manuel Fontes, a hard hitting third sacker who has no scruples against driving the ball out of the lot; Goularte, left field; Harold Faria, center field.

Other men out for practice are: Ernest Garcia, Minoru Ikada, Maderos, Jack Coley, Wilson, Salvadorini, Walters, Knobles, Nakagawa, Norbert Brown, Edward Moreira, Joe Amaral, Edward Rose, Arthur Ferreira, Glen Trout, Arthur Maderos, John Valles, Ralph Brown, Kazuto Masuda, Anthony Rivers, Stanley Roderick, William Garcia, Hisato Yamashi, Manuel Gonsalves, John Maderos.

The first game of the season will be played with Escalon high school on Saturday, while the first league game will be played with Emeryville at that place on March 6.

TRACK PRACTICE

Track practice also started on Monday at the high school with a fairly large turn out. Coach Regil will build his track squad from the following men:

Bill Dick, sprints; Ted Logan, half mile and mile; Warren Martin, broad jump; Harry Nakagawa, hurdles; Manuel Reina, sprints; Emery Weed, shot and discus; Vasconcelles, Paul Aust, and Salvadorini, pole vault, and Frank Perry, quarter mile.

Centerville Personals

Mrs. Frank Seiva, of Decoto, has been confined to bed with an attack of the gripe.

James and Clarence Graham, of Palo Alto, were guests of Frank Dusterberry, Jr., Sunday.

HIGH SCHOOL NOTES

Plans are ready for the dedication ceremonies to be held tomorrow afternoon at the high school beginning at 2:00 o'clock p. m., as part of the celebration of Washington's birthday. Redwood trees will be dedicated to the late trustees, Andrew Logan and John C. Whipple, and to George Wright, former high school principal. Appropriate addresses and musical numbers also are listed on the program, with Leland Cutler, president of the San Francisco Chamber of Commerce, delivering the chief address on Washington.

Attendance at the high school this week has been exceptionally high. Only thirty-two were absent Tuesday, while the daily average of those absent has usually been around forty-eight.

Everyone in Washington township interested in tennis have been asked to meet at the high school tennis courts, Sunday, February 23, when plans for a township tennis club will be discussed. The purpose of the club would be to promote interest in that sport. There would be no dues.

For carrying on its agricultural courses, the high school will receive an appropriation of \$1000 as part of a federal and state aid under the Smith-Hughes plan.

At the last meeting of the high school board of trustees, it was decided to make it compulsory for students to either pass the English A examination or take the course while in high school. This applies to all those who desire to enter college upon graduation from high school.

SOPHOMORES WIN

The sophomore quintet were victorious over the freshman five in the first game of boys' interclass basketball competition played Monday by the score of 27 to 14. The score read 12 all at the end of the third quarter, but the sophs opened up with a scoring attack in the last period which left no doubt as to the final outcome. Fudenna led the sophomore attack with ten counters and was followed by Sekagahama with eight. Laybourne scintillated for the frosh, tossing in nine points.

In a class game played Tuesday the seniors nosed out a close victory over the juniors. The final score was 16 to 14. The juniors led at half time by a narrow margin, but the seniors took the lead after play was resumed in the second half and held a close advantage until the final whistle. The contest was featured by rough play on the part of both quintets.

Centerville Personals

Thomas Bonnar and son, of San Francisco, visited relatives in Centerville Thursday. Bonnar recently celebrated his seventy-ninth birthday.

John Kimber, of the high school faculty, was confined to his home Monday due to illness.

Virginia Delucchi Wed to Lloyd Perry by Father Viladomat

Pleasanton Newlyweds Spend Honey-moon in Southern California

While the rain poured down upon the roof of St. Augustine's church Miss Virginia Delucchi, daughter of Mrs. Carolyn Delucchi, became the bride of Lloyd Perry, of Pleasanton, last Monday at one o'clock, with Rev. Father Viladomat performing the marriage ceremony.

Miss Delucchi was born and raised in that city. She was educated at the Pleasanton grammar school and served as manager at the telephone office.

Perry was also raised there, spending his boyhood in that community. At an early age he became one of the staff at the Pioneer Tonsorial Parlor and has been employed there ever since.

The bride wore a beige suit trimmed with fur; her shoes and hat were brown. A beautiful corsage of orchids and lilies of the valley completed the outfit. She was attended by her niece Miss Doris Grana who acted as maid of honor. Miss Grana's costume consisted of a green suit trimmed with fur and a grey hat. She had a corsage of white gardenias.

The groom was attended by Clifford Rosa. Both men were attired in dark suits and had boutonnieres of white gardenias.

The bride was given away in marriage by her brother, John Delucchi. The bridal party marched into church in step to the wedding march played by Mrs. Mae Nevis. A solo "Ave Maria" was sung by Mrs. Mamie George, accompanied by Mrs. Nevis at the organ.

After the wedding ceremony a reception dinner was held at the home of the bride's mother, Mrs. Carolyn Delucchi, for approximately thirty-five relatives and intimate friends.

Following the reception the young couple left for Southern California where they will spend a week. Mr. and Mrs. Lloyd Perry will make their future home here in Pleasanton.

SOUTHERN PACIFIC TO OFFER SPECIAL RATES OVER NEXT WEEK-END

Holiday travel over Washington's birthday will have the benefit of "cent-a-mile" fares on Southern Pacific lines throughout California and five other western states, it was stated in Pleasanton by J. W. Sheffield, agent for the company.

The low-fare roundtrip excursions have been authorized for \$1, represents the outstanding passenger traffic innovation of the four-day period from February 19 to 22, inclusive, with final return limit March 1, Sheffield stated. By falling on Monday, Washington's birthday provides an additional day's outing for week-end excursionists it was pointed out.

Originated by Southern Pacific just a year ago, the so-called "dollar day" merchandising of train rides, featuring 100 miles for cent years, Sheffield declared.

BAYER ASPIRIN
is always SAFE
BEWARE OF IMITATIONS

Genuine Bayer Aspirin, the kind doctors prescribe and millions of users have proven safe for more than thirty years, can easily be identified by the name Bayer and the word genuine.

Genuine Bayer Aspirin is safe and sure; always the same. It has the unqualified endorsement of physicians and druggists everywhere. It doesn't depress the heart. No harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

Headaches
Colds
Sore Throat
Rheumatism

Neuritis
Neuralgia
Lumbago
Toothache

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylicacid.

Editorial Comment

NORMAN H. PARKS, Publisher Register

to commit himself has never been explained, but that is a fact. Nobody knows outside of Oakland who Carter is, and where he comes from.

The Democrats will have a candidate in the field, and unless Carter can do a lot of effective explaining, his seat in congress will be in serious jeopardy. About the only thing that will save him is a sharp revival of business before the fall election; and that happy situation seems, indeed, remote.

CRAIL'S POPULARITY GROWING

JOE CRAIL, congressman from the Los Angeles district, noted progressive, friend of the administration, foe of modification, statesman and gentleman, is growing in popularity throughout the state in his campaign to succeed Samuel Shortridge. With a half dozen candidates already announced, Crail seems to be taking the forefront, and while it is too early to make any predictions, it is known that the Los Angeles candidate will commit himself with honor in the contest.

THEY HAVE OUR SYMPATHY

THE GOOD MEN of Niles who have given days and weeks in an effort to open up the nursery road, have our sympathy in their inability to get action from the board of supervisors. They are reluctant to admit that they can go no further. It is with regret, and not a little chagrin, that they call time to quit. They have worked hard, faithfully, patriotically. That they have failed is not their fault. The people understand, the Register understands.

On behalf of practically everyone in Niles, we thank these gentlemen for their manifold efforts, efforts that we believe in the end will not have been in vain. The opposition will yet be crushed and the road built. Progress does not stop because of the lethargy of public officials, or the obstructionist tactics of a few individuals.

BACHELOR HOOPER LONGS FOR SUMMER

(Hayward Review)

Courageous Editor Norman Parks, of The Niles Register, berates the tendency of present times to undermine the American home. The trouble is, neighbor Parks, that the American home is already undermined. Have you seen recent statistics about the way American families are deserting homes for apartments with steam heat, little kitchens and smaller living rooms? Have you noted late data about the hours that American families now spend away from home at the movies, riding in automobiles, or doing the devil only knows what? Have you thought lately about the appropriateness, at the present moment, of the title of the old song you and I used to hear: "Oh Where Is My Wandering Boy (and you might add girl now) Tonight?" Did you see, in last Sunday's papers, pictures of next summer's bathing suits; one of the most popular styles embracing only panties and a brassiere?

You know, Norman, you and I formed our opinions before the World war, and we must be a little careful or they will call us "old timey."

TOURISTS LEAVE VERITABLE TRAIL OF GOLD IN CALIFORNIA AS 872,214 SWARM INTO STATE DURING PAST YEAR

Average Is Slightly Less Than Two Persons Entering Each Minute

A thundering herd of tourists representing a veritable trail of gold, swarmed into California via every available highway during 1931, shattering all existing records and making the tourist business one of the state's major industries.

A total of 872,214 California bound tourists "checked in" at the state's twenty-eight border quarantine stations situated in fifteen counties during 1931, according to Dudley Moulton, director of the state department of agriculture.

This is an increase of 63,338 tourists over the 1930 "crop" which totalled 808,876 or an average net gain of 1,200 tourists per week.

An average of slightly less than two persons entered the state per minute via automobile during the entire calendar year of 1931, although the average was 2.9 persons per minute during the six month peak summer season ending October 30, last.

Representing virtually every state and foreign nation, the 1931 "tourist crop" swarmed across the state's borders at the rate of approximately 16,800 weekly, in comparison with a weekly average of 15,500 during 1930. This is an average of 2,500 tourists every 24-hours or more than 100 every 60-minutes.

"The volume of tourist travel has been exceedingly gratifying,"

said Moulton, "and the weekly increase far beyond expectations. Translated into dollars, the value of the tourist travel must represent many millions of dollars to California business, even on a conservative basis. It is a veritable trail of gold streaming into the state. While the bulk of the tourists were destined for Los Angeles, San Francisco or Alameda counties, it would appear obvious that every section of the state benefitted economically by this influx, particularly those fifteen sparsely settled counties through which the tourists enter the Golden State."

According to statistics compiled in the office of A. C. Fleury, chief of the division of quarantine administration, a total of 847,320 automobiles, carrying 2,274,748 passengers, were "checked in" at the border stations during 1931, as compared with a total of 676,052 machines carrying 1,864,389 passengers during the preceding year. This is a net gain of 410,359 passengers and 171,268 machines over 1930.

Of the total number of passengers, 872,214 persons were tourists, while the remaining 1,402,534 were Californians returning from visits to Nevada and other eastern states. Foreign cars arriving in California totaled 324,726, an increase of 31,336 over 1930, while the volume of domestic cars returning to California increased 140,262 to a new high level of 522,924 autos.

Tommy Preston Takes an Interest

By JOHN FRANCIS

TOMMY PRESTON was lounging on the shady side of the porch at the Kingsboro Country club when Nancy Phelps ambled up the steps, said, "Hi, Tommy," and dropped into a chair beside him.

"What's the matter, Nancy?" asked Tommy. "You look tired out." "I am," said Nancy. "I've been following Ted Pearson and Sam Shane around the links. What a game! Nearly everyone expected Ted to win easily, but Sam fooled us. He was three down at the turn, but on the last nine holes he came back beautifully and won at the eighteenth. But, boy! It was hot walking out there."

"You didn't have to be there," Tommy drawled. "You didn't see me out under the sun watching two saps chase a golf ball, did you? You just bet you didn't. I sat here in the shade, enjoying a nice, cool drink."

"I thought you were going to enter the tournament," Nancy said. "I was," replied Tommy, "but then I decided it involved too much work."

Nancy's face flushed. She was terribly in love with Tommy, but she could not stand his indolence.

"Tommy," she said, half pleadingly and half angrily, "aren't you interested in anything?" "You know I'm interested in something, Nancy," he said. "I love you and you love me, too. I know that."

Nancy glanced up slowly. "You're right, Tommy," she said. "I do love you. But I won't marry you. Do you really want to know why?"

"Is it something I've done?" "It's partly that," said Nancy. "and it is partly something that you don't do. Shall I continue?"

"Please do." "First of all," Nancy went on, "you have been going around town wearing an expression of superiority when you've done nothing to prove that you are a superior person. You've just lived on the money you inherited."

"Well," Tommy interrupted, "it is my money."

"I'll grant you that," Nancy agreed, "but I don't like your cynical attitude toward the accomplishments of other men. You never have won a club championship at golf, tennis, swimming or anything else. Yet you make fun of the boys who have."

"Those things don't mean anything," Tommy protested. "They do mean something," Nancy insisted. "They at least show an interest in things that are going on around one. You aren't contributing a thing to anyone's life."

"That is pretty harsh," Tommy commented. "But just what do you want me to do about it?"

"Would you really like to do something about it?" asked Nancy. "Go ahead, What is it?"

"Just this," Nancy went on. "If you want to marry me you have got to do these things. First, you must get a job, and you have got to hold a job through merit, not through your money. I'm not saying you must become a partner in the firm within a year, but you must be promoted at least once during the next six months. And, secondly, you must win at least one sports tournament here at the club. If you have done these things by six months from today, I'll marry you. Otherwise, why then you go your way and I'll go mine."

"But that isn't fair," Tommy protested.

Six months later, on a cold January night Tommy paced nervously back and forth across the Phelps living room. A few moments later Nancy, looking more beautiful than he ever had seen her, came down the stairs and approached him with a smile.

"Tonight is the night, isn't it, Tommy?" she greeted him.

"I'm afraid it is," Tommy replied. Then, impulsively, "Nancy, won't you forget the conditions you made and marry me anyway."

"Let's review the conditions before we talk about that," Nancy answered evasively. "You were supposed to win at least one sports tournament at the club. Did you?" "You know I didn't," Tommy said. "Golf was the only game I could play well enough to enter a tournament, and you saw Ted Pearson beat me at the last hole in the finals. But you'll have to admit it was a great match."

Nancy just smiled again, and said: "And about a job? You did get one, didn't you?"

"You bet I did, and I got two raises and one promotion as well," Tommy's eyes were flashing as he spoke. "Will you marry me, Nancy, even though Ted did beat me?"

"Of course I will, Tommy," Nancy replied eagerly. "I never cared whether you were a champion or a duffer. I just wanted you to get interested in something beside yourself. You've done that, and I'll marry you any time you say."

Tree Planting Drive Honors Birthday of George Washington

**Movement Being Sponsored
by Pleasanton Women's
Improvement Club**

A tree planting movement is being carried on throughout the city of Pleasanton by the Woman's Improvement Club celebrating the 200 anniversary of George Washington.

The movement is a nationwide campaign and is being carried out with much enthusiasm in this city. Every property owner has been asked to plant a tree in memory of George Washington. The Improvement Club has pur-

chased twenty trees which will be planted along the main street and on several yards where the proprietors cannot afford to buy the tree.

The trees purchased are mostly European sycamore and walnut. Those that are to go on the main street are sycamore. It is said that the sycamore tree has proved to give the most shade of any other type, and will give the town a pleasing appearance.

The Pleasanton town board has volunteered to plant the trees in the city. This campaign will

last through the month of February.

In front of the Pleasanton post office two tulip trees will be planted to replace those that have been taken down.

Those who have been working on the tree planting committee under the Women's Improvement Club are Mrs. Claude Smallwood, chairman, Mrs. A. B. Pickard and Mrs. Mary Stovall.

Amador Varsity Beats Livermore In Close Game

Extra Period of Play Is
Necessary To Decide
Tie Contest

In an extra period game the Pleasanton Varsity defeated Livermore Cowboys by a close score of 21 to 20 in a tussle played at the Livermore gym last Monday evening.

Bob Silva scored the winning point in the last minute of play on a foul shot, his only score during the entire game. It was an unusually speedy game displayed a good type of basketball. The Amador guards closely watched Mitchell, Livermore forward, so that he did not score half as many points as he did in the last game. The score at the half was 10 to 8 in favor of the Cowboys.

In the second half the playing was fast and at the end of the game the score was a 20 to 20 tie. During the extra period the playing was tight and after Silva made the foul shot, Amador stalled and managed to hold her slim lead till the end of the time.

Game Played at Pleasanton February Eighth In Amador Gymnasium

Amador B cagers were defeated by the fast Livermore Cowboys who are the league leaders in a game played at the Livermore gym last Monday evening by a score of 41 to 14.

Pleasanton did not play its usual fast form but this was due to the fact that Dutra a Don forward, who was taken out of the game on personal fouls and that Captain Mugs George had a bad cold and was not able to carry his usual speed.

The Amador guards played a poor game in checking their opponents and allowed Livermore to make many easy setup shots that might not have been made if the guards were playing their usual good game. At the half the score was 17 to 6 in favor of Livermore.

PLEASANTON BOY SCOUTS PLAN FOR WEEK-END HIKE

Troop Business Meeting Held in Grammar School Auditorium Last Week

Plans for a number of week-end hikes in the early spring was the business of the Boy Scout meeting held at the Pleasanton grammar school last week.

The meeting was well attended. There were seventeen present, thirteen who were scouts and four who are prospective members.

The scouts are planning a hike very soon if the weather permits carrying out the plan.

Mr. Hopkins, of Hayward, scout executive, will be at McKinley Park Saturday at 9:30 to aid several of the boys in passing their scout tests.

School May Try To Appeal Case

Wilbur Hardy, of Sunol, was given a verdict of \$5,000 from Amador high school, Pleasanton, for damages received on his left hand by an electric saw at the Amador Valley school in 1928.

The jury after a ten minute discussion, behind closed doors, gave the plaintiff the verdict of the case.

Hardy lost one finger and paralyzed three other fingers in an electric saw at the Amador Valley High school when he was in his freshman year.

According to George Patterson, instructor in that school, Hardy had been warned not to use the saw.

The witnesses who testified for Hardy were Mr. Cadman, a wood-working machinery expert; Mrs. Hilton, Sidney Lambert, John Rossi, and Mr. and Mrs. John Hardy. The attorney for the plaintiff was Mr. Peterson of San Francisco.

Witnesses for the defense were Melvin Neilson, Francis Bottini, Francis Nevis, Lorin Buttner, Thomas George, Thomas Nerton, Thomas Russel, John Trimmingham, George Patterson and R. O. Moyer.

The school trustees held a meeting early last week to consider whether the school will carry the case on further or pay the \$5,000 dollars to Hardy.

If the school has to pay Hardy the \$5,000 the money will have to be raised from the school district which will mean an increase in next year's tax rate.
